Payment Policies

Thank you for taking the time to understand our payment policies. For any questions about fees, financial policies, or your responsibilities, please ask one of our office staff for clarification.

For Patients with Dental Insurance

We accept dental insurance assignments, with the understanding that any uninsured portion not covered by your insurance plan is to be paid by you at the time of service. As a courtesy, our office will file all applicable insurance forms. Please note that although we strive to provide accurate information, such information is not a guarantee of payment or eligibility with your insurance company and is only an estimate. Your dental insurance plan is a contract between you, your employer, and the insurance company. Depending on your specific insurance plan, your dental insurance may not fully cover our office dental fees for the services we render. The difference between our office dental fees and your insurance reimbursement is your responsibility.

Service Charge

Payment is due at each appointment. I agree to pay any outstanding insurance balance within 60 days. If I do not pay the entire new balance within 60 days of the monthly billing date, a service charge will be added to the account for the current monthly billing period. The service charge will be a periodic rate of 1.5% per month (or a minimum charge of $2.50 for a minimum balance of $25.00) which is an annual percentage rate of 18%. *Collection cost up to 40% will be added if your account is placed for collections, which will be applied to the last month's balance. In case of default of payment, I promise to pay any legal interest on the balance due, together with any collection costs and reasonable attorney fees incurred to effect collection of this account balance or any future accounts. Please be advised that there is a $50.00 fee charged for missed or broken appointments without 24 hours notice. To avoid this charge, kindly give us a minimum of 24 hours notice for any appointment cancellation. Feel free to contact us at any time with questions you may have.

Minors

Adult patients are responsible for full payment at time of service. The adult accompanying a minor is responsible for payment. This office will not bill a non-custodial parent for services delivered to a minor. For unaccompanied minors, treatment may be denied unless charges have been pre-approved to a credit card or other payment arrangements have been made.

HIPAA Notice of Privacy Practices

This notice describes how medical information about you may be used and disclosed and how you can get access to this information. Please review the following carefully.

The Health Insurance Portability & Accountability Act of 1996 (HIPAA) is a federal program that requires that all medical records and other individually identifiable health information used or disclosed by us in any form, whether electronically, on paper, or orally, are kept properly confidential. The Act gives you, the patient, significant new rights to understand and control how your information is used. HIPAA provides penalties for covered entities that misuse personal health information.

As required by HIPAA, we have prepared this explanation of how we are required to maintain the privacy of your health information and how we may use and disclose your health information.

We may use and disclose your medical records for several purposes, including treatment, payment, defense of legal matters, to family and friends, and health care operations:

- Treatment includes providing, coordinating, and/or managing health care related services by one or more health care providers. An example of this would include teeth cleaning services.
- Payment includes such activities as obtaining reimbursement for services, confirming coverage, billing or collection activities, and utilization review. An example of this would be sending a claim for your visit to your insurance company for payment.
- Health care operations include the business aspects of running our practice, such as conducting quality assessment and improvement activities, auditing functions, cost-management analysis, and customer service. An example would be an internal quality assessment review. We may also create and distribute de-identified health information by removing all references to individually identifiable information.
- To Your Family and Friends: We may disclose your health information to a family member, friend, or other person to the extent necessary to help with your healthcare or with payment for your healthcare. Before we disclose your health information to these people, we will provide you with an opportunity to object to our use or disclosure. If you are not present, or in the event of your incapacity or an emergency, we will disclose your medical information based on our professional judgment of whether the disclosure would be in your best interest. We may use our professional judgment and our experience with common practice to make reasonable inferences of your best interest in allowing a person to pick up filled prescriptions, medical supplies, X-rays, or other similar forms of health information. We may use or disclose information about you to notify or assist in notifying a person involved in your care, of your location and general condition.

In some limited situations, the law allows or requires us to use/disclose your health information without your permission. Not all of these situations will apply to us; some may never come up at our office at all. Such uses or disclosures are:

- When a state or federal law mandates that certain health information be reported for a specific purpose
- For public health purposes, such as contagious disease reporting, investigation or surveillance, and notices to and from the federal Food and Drug Administration regarding drugs or medical devices
- Disclosures to governmental authorities about victims of suspected abuse, neglect, or domestic violence
- Uses and disclosures for health oversight activities, such as for the licensing of doctors; for audits by Medicare or Medicaid; or for investigation of possible violations of health care laws
- Disclosures for judicial and administrative proceedings, such as in response to subpoenas or orders

We may contact you to provide appointment reminders or information about treatment alternatives or other health-related benefits and services that may be of interest to you. If you wish to be omitted from any mailings please provide a written notice. Any other uses and disclosures will be made only with your written authorization. You may revoke such authorization in writing and we are required to honor and abide by that written request, except to the extent that we have already taken actions relying on your authorization.

You have the following rights with respect to your protected health information, which you can exercise by presenting a written request to the Privacy Officer:
